Staff Spotlight—Kaylin

It's Love Your Library month! We thought this was a great time to start introducing you to the folks who make our library tick and share some of the things they love, in and out of the library.

Kaylin has been on staff at the library for almost 2 years, but she's been helping us much longer than that. She began volunteering as a tween and has been with us ever since. Why'd she stick around? "The people here are amazing," she said. "I love working at the library because I am part of a community where everyone shares a love for reading and learning."

Our youngest staff member, Kaylin is a student. In her free time, she makes art and reads—a lot.

"I enjoy just being around our collection, as I'm always looking for new things to read," she said.

We love Kaylin every day, but she's celebrating a big birthday this month. Need suggestions for a new book? Kaylin's got you. Come by and wish her a happy birthday, and stay to grab some great reads.
