Can Ya Dig It? Construction Starts NOW.

You've seen the trailer. Now it's time for the feature—construction is starting this month!

First, builders will add an extension to the back of the library. In late summer, when the back room is completed, they will renovate the existing building, including removing the front and adding a front expansion.

The completed library will be 8,000 sq ft and have new bathrooms, a teen area, children's computers, display areas, room to sit and work, more shelving, and many other much-needed features.

We plan to stay open throughout construction, so join Miss Betsy this summer for construction-themed activities and stay tuned for updates!

Staff Spotlight—Judy

If you're a local or have been to the library in the last decade, you probably know Judy.

Judy has been working at the library for nearly 11 years. She is Circulation Supervisor, which means she helps maintain our collection, processes new books, and makes sure you're getting what you need quickly.

Judy most loves the children that visit the library. Each Thursday, she wears socks to match the storytime theme. Since she has been with us for so long, she finds joy in watching families grow and kids grow as readers.

Outside the library, Judy enjoys 4-wheeling, watching old game shows, and knitting for friends and family. She is also the librarian at her church, where she often spends her day off cataloging and organizing.

Next time you see her at the desk, tell Judy a fun fact about pandas and thank her for her years at the library. Or stop by our knitting group and watch her knit a dishcloth faster than you can say "yarn over."
