- 1) Where was the surviving author born? What did you learn about their family life before the Holocaust?
- 2) When did the survivor author first encounter the Nazis and their collaborators and how did living under Nazi rule change their life?
- 3) How did the survivor author survive the Holocaust (e.g., with the help of a rescuer, going into hiding, living under a false identity, moments of luck)?
- 4) What happened to the survivor author immediately after the Holocaust (e.g., reunited with family, returned home, started to work)?
- 5) When did the survivor author arrive in the United States? Where in the United States did they settle? Why did the survivor author come to the United States?
- 6) What themes are prominent in the memoir (e.g., family, education, Jewish life, discrimination/persecution, violence, politics/war, ghettos/camps, resistance, hiding, escape, rescuers, liberation)?

- 10) How was reading a memoir different from reading another genre of literature?
