Emergency Closing and Inclement Weather Policy

Brandywine Community Library
Policy Updated: 3/26/26

The Library Director or Youth Services Coordinator will use their discretion when closing the library due to an emergency or inclement weather. For inclement weather the library does not follow the Brandywine Heights Area School District closings.

All closings will be posted through the media and social media outlets listed below. Due dates will get pushed back when the library closes due to inclement weather.

Closing information will be posted in as many locations as possible including:
Channel 69 TV
WFMZ.COM Weather (under "School & Business Closings")
the library's Facebook page: Brandywine Community Library
When possible additional notices will be posted to
the library website (www.berkslibaries.org/branch/brandywine) if accessible through remote access
the library interior door if there is a need to close early
