WHOLE MIDGET PICKLES

What makes our whole, little pickles so different? They are cold brined, making them extra-crispy & extra-crunchy. They last an extra-long time in your fridge, more than 60 days! Packed in quart sized containers only \$7.00 each.

Classic Dill: Our classic dills are a true favorite, New York deli style delight!

Garlic Dill: These tasty midgets are always our most popular pickle made with lots of fresh garlic for the perfect taste!

Hot Dill: Don't be afraid, these won't melt your face off! Just mild short-lived heat on the back of your palate after you swallow. Made for a great, balanced flavor.

SPECIALTY PICKLE CHIPS & SPEARS

Great for snacking, on sandwiches, cut up in salads (chicken, tuna, potato or lettuce), or skewered in any drink. Packed in pint sized containers only \$6.00 each.

Horseradish Chips: Sweet, thicker slices with a sinus clearing horseradish finish. Many of our chef customers excitedly talk about using these to make any type of sandwich gourmet. (Roast Beef, Turkey, Cheese or Vegetable) A lot of customers just eat them right out of the container too.

Bread and Butter Chips: These sweet pickle slices are favorites of many of our "most experienced" (nice way to say older, ha-ha) and youngest customers alike. These are great as a side to sandwiches or try cutting some up as relish, add to tuna salad or in tartar sauce.

Thin Cut, Dill Sandwich Chips: These thin slices of heaven are the perfect size for snacking as well as adding them to sandwiches and burgers! A customer summertime favorite!

Cool Ranch Pickle Chips: Delicious New York Style dill chips perfectly seasoned with buttermilk, dill and chives-think Hidden Valley meets dill pickles. An amazing flavored slice of summertime delight!

Everything Bagel Chips: Delicious pickle chips flavored with sesame, poppy, sea salt, onion and garlic. Our new favorite to put on everything!

Scorpion Pepper & Honey Chips: Do you like your foods HOT? These flavorful chips are for YOU! Sweet honey taste on your tongue, a big burst of heat in your throat!

ALL-NATURAL CREAMY CHEESE DIPS & SPREADS

Each of these super creamy flavors is its own, locally made individual recipe. These taste like nothing you have ever had from a regular store. Packed in ½ Pound(8oz) containers only \$6.00 each.

Garlic Herb: Roll into bologna, dip pretzels or substitute instead of butter to make the best mashed potatoes ever!

Smoky Bacon Cheddar Dip: Great on burgers, as a dip for chips & veggies or put on top of a baked potato.

Asiago & Artichoke Dip with Parmesan: Great served warm or cold! Stuffed in a chicken breast wrapped in prosciutto and then baked or in a hollowed-out bread bowl are two of hundreds of ways our customers enjoy this flavor.
