## **Teen Summer STEAM Library Interns**

Do you enjoy working with children ages 5 to 11? Do you have a passion for any field of science, technology, engineering, math, or the arts? The Boyertown Community Library seeks teens to share their time and talents with our community's children during Summer Quest programs, June 10 to August 17.

Teens will plan and lead fun and engaging activities with assistance and supervision from the Youth Services Coordinator. Depending on intern skills and interests, activities might include theatre/improv games, science experiments, book club with games, or building challenges.

Interns will receive a stipend equivalent to \$10 per hour. Interns commit to a 5-week session, June 10 to July 13 or July 15 to August 17. During those five weeks, interns will work at least one 3-hour shift each week. Interns must attend training on May 31 (4:00-8:00pm) and June 1 (12:00-2:00pm), and an end of summer meeting.

### *Responsibilities:*

- Design and lead workshops and activities with a focus on STEAM
- Assist in various aspects of youth summer programming as assigned
- Help prepare supplies and materials for children's programs
- Assist in setup/cleanup of activities
- Provide support and guidance to children
- Represent the library with professional conduct and a friendly attitude

### *Requirements:*

- Must be 14-18 years old and have a way of transportation to/from the library
- Have experience or sincere interest in working with children/youth
- Willingness to learn and participate in every day library work as needed
- Attend mandatory training May 31 and June 1

**Applications are due by Friday, May 10.**

Questions? Visit Lisa Rand, Youth Services Coordinator of the Boyertown Community Library, at 24 N. Reading Avenue, e-mail [boyertownlibraryyouth@gmail.com](mailto:boyertownlibraryyouth@gmail.com), or call 610-369-0496.

**Thank you to the Young Adult Library Services Association (YALSA) and the Dollar General Literacy Foundation for the grant sponsoring this program.**
